Our Privacy Policy explains:

- What information we collect and why we collect it.
- How we use that information.

Information that we collect

- Information that you give us. For example, many of our services require you to sign up. When you do, we'll ask for personal information, such as your name, email address, telephone number.
- Information that we get about you from other services Such as Google Analytics, Flurry, Google Play and others. This information includes:
- Device information - device-specific information such as your hardware model, operating system version, unique device identifiers and mobile network information.
- Log information - this may include: internet protocol address, device event information, such as crashes, system activity, hardware settings, browser type, browser language, the date and time of your request and referral URL, cookies that may uniquely identify your browser or yourAccount.
- Location information - when you use a location-enabled service, we may collect and process information about your actual location, such as GPS signals sent by a mobile device. We may also use various technologies to determine location, such as sensor data from your device that may, for example, provide information on nearby Wi-Fi access points and mobile towers.
- Unique application numbers - certain services include a unique application number. This number and information about your installation (for example, the operating system type and application version number)
- Cookies and anonymous identifiers - we use various technologies to collect and store information when you visit our site, which may include one or more cookies or anonymous identifiers sent to your device. We also use cookies and anonymous identifiers when you interact with services that we offer to our partners, such as advertising services and others.

How we use information that we collect

We use the information that we collect from all of our applications to improove our applications and make it better for you. We may share aggregated, non-personally identifiable information publicly and with our partners, such as publishers, advertisers or connected sites. For example, we may share information publicly to show trends about the general use of our services. Our Privacy Policy may change from time to time. We will not reduce your rights under this Privacy Policy without your explicit consent. We will post any Privacy Policy changes on this page.
